

Postgraduate Programmes in Occupational Medicine

We have the largest programme of postgraduate education in occupational health in the UK, including courses that are specifically tailored to meet the needs of students planning to train in **occupational medicine**.

All our courses are offered as **part-time, distance learning** programmes, including online modules, telephone or face-to-face tutorials and a limited number of face-to-face seminars.

Our courses may be used in preparation for professional qualifications, such as those offered at Diploma or Specialist level by the Faculties of Occupational Medicine of the Royal Colleges of Physicians of London and Ireland.

Diploma in Occupational Medicine (CPD)

This six-month distance learning programme prepares students for the Faculty of Occupational Medicine Diploma (DOccMed) of the Royal College of Physicians of London.

PG Certificate/Advanced Diploma/MSc

These programmes follow the curricular specifications of the Faculties of Occupational Medicine of the Royal Colleges of Physicians (London and Ireland), and also provide the opportunity to obtain an MSc in Occupational Medicine, awarded by The University of Manchester.

PG Certificate	12 months
Advanced Diploma	24 months
MSc	36 months
